

# MESSAGE FROM THE PREMIER OF ALBERTA

On behalf of the Government of Alberta, it is my pleasure to send greetings in recognition of Lung Cancer Awareness Month.

Lung cancer affects thousands of Canadians, here in our province and across the country. Each November, we take time to raise awareness about lung cancer and learn more about the challenges of this diagnosis. It is also an opportunity to pitch in and support patients and caregivers. Together, we can make a difference for those who are in the fight of their lives.

Thank you to the Lung Cancer Canada staff and volunteers who contribute to the health and well-being of Canadians by providing resources and advocating for lung cancer patients and their families and friends. I appreciate your efforts to keep us informed and bring communities together through the special events taking place throughout November. I am also grateful for your resilience in these difficult times, adapting a virtual gala to celebrate survivorship and the progress being made in the battle against lung cancer.

Very best wishes for a successful campaign.

  
Hon Jason Kenney, Premier of Alberta
